

Streamline Icons extended License

500 icons allowance

Customer:

Logo.com.tr

Gebze 41400 Kocaeli Turkey

This is a legal agreement between you, the Customer, and the Licensor Webalys LLC.

Webalys LLC is the company that has created the Streamline Icons for personal and commercial use. In exchange for the purchase, Webalys LLC grants the Customer a license under the copyrights to use Streamline Icons as described below. Purchasing the Streamline icons set constitutes your acceptance of the terms of this agreement.

1- You can use the Streamline Icons for:

✓ **An unlimited number of commercial or personal projects. You can include up to 500 icons per application you deliver to your customers.**

✓ **An unlimited number of users** for the applications, websites, software you will build using the Streamline icons, as long as you **use less than 500 icons** per project.

✓ **Any type of projects: templates, website design, application design... even logos!**

✓ **For yourself or on behalf of a client.** You can use Streamline for an unlimited number of clients, **as long as you use less than 500 icons per project.**

✓ **Up to 5 licensed users in your company/organization** can access our Streamline

Application or all the vector sources that you download after the purchase. By "licensed users" we mean employees who get access to the full pack sources and Streamline application to use all icons.

These licensed users can prepare a selection of icons, **up to 500 icons**, forwarded to other employees. Other employees using this icon selection, like developers or designers, are not considered as licensed users, so there is no limitations on their number.

2- Licenses limitations

There is two main limitations to the Standard Streamline Icons license, that can be removed by the extended licenses:

- ✗ You cannot use more than 500 icons** per project, website or application.
- ✗ You cannot have more than 5 licensed users** in your organization or company getting access to the Streamline Application or the vector sources.

3- Customers are allowed to:

- **Use the Streamline icons in perpetuity.** There is no time limitation and no renewal fees needed.
- Use the icons in any location. There is **no geographical limitations**.
- Store the icons sources on computers or **shared digital storage** (for example intranet, Dropbox, digital asset management) as long as only the licensed users access it.
- **Modify icons** in shape, size, color, and/or file/format.
- **Embed up to 500 icons per project** (for example in a website, a Powerpoint presentation template, a graphic template). An icon embedded in different weights (for example Light, Regular, Bold) count only as one, so if you embed 50 icons in

three weights, it count only a 50 icons (and note as 150 icons).

- **Include icons in templates** or work intended to be reproduced by third party (for example in a web design template, Powerpoint template), as long as you don't include more than 100 icons.
- **Embed icons as vector files**, and in any file type (for example SVG, PNG, Figma or Sketch files)
- **Use in open source projects**, as long as you use a maximum of 100 Streamline Icons and make clear in your license that these icons are still the property of Webalys LLC and can be used only in the context of the open source project.
- **Incorporate icon into a logo** or other trademark.
- **Place icon on physical items for resale** or on any similar mass produced item, as long as the icon is not the main value of this product. The icon has to be part of a unique and creative design, and not the only graphic element that gives the visual value to the product.
- **Transfer the license to a new owner.** For example you can transfer the license from a design agency to a customer after the artwork is created and hand over all icon sources and license to the customer, or transfer the license from a company to another company that bought/acquire it.
If you transfer the license to another company or organization, you cannot use the Streamline icons anymore, unless you buy a new license.

4- Customers are not allowed to:

- ✗ Sell or redistribute our icons or icon set.
- ✗ Modify their original design/artwork so as to render them unrecognizable from their original state with the goal to resell them.

5- General Contract terms

Government law – Jurisdiction

This agreement is governed by the laws of the United States and the New Hampshire – USA, without regard to conflicts of laws principles. The federal and state courts located in New Hampshire shall have exclusive jurisdiction over any disputes arising from or relating to this agreement, and each party consents to such jurisdiction and venue.

Enforcement

If the *Licensor* discovers reason to believe the *Customer* or any of their Users has breached this agreement, the *Licensor* may terminate this agreement, restrict the Licensor's ability to download *the Streamline icons* or use *the Streamline application*. The Licensor will send notice to the e-mail address the *Customer* provided during the purchase after terminating this agreement or restricting access. These abilities do not limit the *Licensor's* ability to enforce this this agreement in other ways, such as by taking legal action.

Copyright guarantee

The licensor has all legal rights needed to license the *Streamline Icons* under this agreement, as all these icons were created from scratch by the licensor itself.

Limitation of Liability

If the Customer takes legal action against the Licensor related to Streamline Icons, the Customer's damages will be capped at the amount of fees the Customer actually paid the Company under this agreement.

Payment

All payments are to be done in U.S. dollar currency through the Streamline Icons website, Stripe payment request or wire transfer. As soon as a successful payment is established, an email shall be sent on your registered email with the download link for the purchased license and an access to the streamline application.
